To: Village of Fisher Taxpayers

RE: Real Estate Tax Bills for 2020

Each year the taxing bodies for Champaign County file documents that determine the tax rates of each town or village. It has come to our attention that the Village of Fisher missed the deadline to file the necessary abatement ordinance, resulting in an increase to what the Village of Fisher property owners would normally pay in real estate taxes. To correct this oversight, the taxing body (in this case the Village of Fisher) is working to file the required documents over the coming weekend. Unfortunately, the tax bills for 2020 have already been accomplished for mailing and reflect the tax totals without the adjustment. This means that the bills for Fisher will show a significant increase in the property taxes due to my office. While this was beyond our control, we are making strides to assist where we can.

In an effort to correct this issue, the Champaign County Clerk, the Champaign County Treasurer, and a representative from the Village of Fisher are working to find the best resolution for this issue. We are unsure whether this tax rate may be corrected at this point and do not want to mislead the taxpayer. Regardless, we believe it's our duty to ensure that you are aware of the current issue and our ongoing effort to find an appropriate solution. Again, we are working collectively to find a solution and you will definitely hear from us again soon. If you have additional questions or concerns, please do not hesitate to contact our office.

Sincerely,

Cassandra Johnson  
Champaign County Treasurer
