We met with Scott Morris. He is a consultant who assists communities with OSLAD grants. He discussed the procedures for the OSLAD grant and how he could help the Village of Fisher with our OSLAD grant.

Because of the complexity of the OSLAD grant and its processes, the committee is going to recommend to the board that we hire Scott Morris on an hourly basis of \$50.00/hr. not to exceed \$7,500.00 to be our grant coordinator and help manage our project pertaining to the new playground equipment.

Meeting adjourned at 7:03 p.m.
