

Parks & Recreation Committee Meeting

December 14, 2022

Meeting called to order at 6:00 p.m.

Committee members present: Angie Seidelman. Joe Brown and Daniel Spaulding

Also attending: Michael Bayler (Mayor), Brock Deer (Trustee) and Roger Ponton (Trustee)

No comments from the public/press.

We met with Corky Emberson and Brandon Chandler to discuss the progress of the girls' softball field. The fencing and the lighting are being donated from the Urbana Park District. Michael Bayler is working on how to get the lights down and delivered to the new softball field. Corky Emberson is working on how to get the fencing down and delivered to the new softball field. The village must have the fencing and lighting down and removed by the end of February. We also discussed the next steps for what will take place in the spring. Moving forward there should be better communication between the village and Corky Emberson to keep the project moving forward and on track for completion.

Meeting adjourned at 6:55 p.m.
